Includes Waiver Qualifying Requirements

FACULTY

Cara Poland, MD, MEd, DFASAM

Cara Poland, MD, is a board-certified physician specializing in addiction medicine. Dr. Poland earned her medical degree from Wayne State University School of Medicine in Detroit. She completed her internal medicine residency at St. Joseph Mercy Hospital in Ann Arbor, Michigan, and her addiction medicine fellowship at Boston University in Massachusetts. Dr. Poland's clinical interests include safe opioid prescribing, medication assisted treatment of substance use disorders and treatment of females with substance use disorders.

Jonathan Morrow, MD, PhD

Jonathan Morrow, M.D., Ph.D. received his B.S. in Biological Sciences from the University of Southern California, and his M.D. and Ph.D. in Neuroscience from the University of Michigan. Dr. Morrow went on to complete his residency training in Adult Psychiatry at the University of Michigan, and subsequently joined the faculty of the University of Michigan as an Assistant Professor of in 2011. He provides medication management and other clinical care to patients through the University of Michigan Addiction Treatment Services. His clinical interests include treatment of co-occurring psychiatric disorders such as addiction and post-traumatic stress disorder (PTSD). The Morrow lab uses behavioral, pharmacological, immunohistochemical, and neurosurgical techniques to identify and manipulate specific neural circuits that show individual differences relevant to multiple psychiatric disorders, including both addiction and PTSD.
